CAPT. MONROE TAKEN BY DEATH

WELL KNOWN MARINER DIES
AS RESULT OF A PARALYTIC STROKE TODAY

A wireless message was sent from the Standard Oil works this morning to George Monroe, an officer on the Steamer El Segundo, bound for Alaska, telling him of his father's death. The message was sent to Seattle from which place it will be relayed by another wireless to the vessel at the present time several hundred miles off shore.

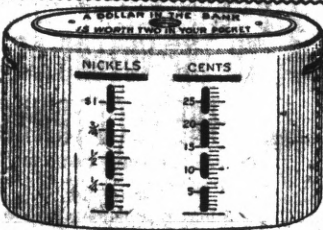

Captain George Ellery Monroe, 53 years of age, residing at 85 Seaside avenue, passed away at an early hour this morning after having been confined to his bed for the past several weeks with a stroke of paralysis.

Captain Monroe, as such he was known to his many friends, on account of having followed the sea for more than twenty years during which time had circumnavigated the globe twice, was born in Brooklyn, New York.

Monroe came west when still in his "teens" at which time he started his career before the mast of a tramp steamer which filled up and down the coast.

After serving the required number of years on the vessel Captain Monroe then secured a berth as mate on one of the Standard Oil tankers gradually working his way up until a few years ago he was placed in command of Barge No. 91.

During the seven years that Captain Monroe was in command of Barge No. 91, he was in command of the vessel.

FIRE TODAY

The members of fire company No. 2 were called out at noon today to extinguish a small grass fire at the corner of First street and Macdonald avenue.

The flames had gained considerable headway before they were finally checked by the use of several tanks of chemicals.

MERCHANTS EXCHANGE PLAN BIG PARTY

The card party and dance which the members of the Merchants' Exchange are planning will be held in Poly hall at the corner of Fourth street and Macdonald avenue on the evening of June 11th.

The committee selected to have charge of the affair follows: Chas. Walker, of Jones & Adkison, Mrs. A. G. Weeks, of A. G. Weeks & Co. and A. B. Dickstein.

LEAGUES PLAN MONSTER SOCIAL

The members of the Epworth League of the Wesley Methodist church have completed all arrangements for their Mt. Herman social which they are to hold in the church parlors on the evening of June 9th.

The committee which had charge of the evening's affair is composed of Miss Minnie Smith, chairman; Miss Ada Pearce, Miss Dora Ford, Con Bastin and Miss Annie Smith.

SUPERVISOR M'BRYDE TALKS ABOUT STATE ROAD PLANS

DECLARES THAT HIGHWAY
TO MARTINEZ WILL BE
COMPLETED SOON

Supervisor Warren H. McBryde, of the First Supervisorial District, of which Richmond is a part, was in town today attending to matters pertaining to his office as a county lawmaker. That gentleman informed the representative of the Record-Herald that all preparations for awarding the contract for construction of the state highway from Martinez to Richmond have been completed and it is expected that a portion of the work will be under way before the first day of July and that all of it will be under construction by the first of August and possibly sooner. It will be awarded in some five separate contracts.

Supervisor McBryde has been paying particular attention to the

matter of road construction work in his district and believes that before another year the First District will be second to none in the state in the matter of good roads. He is arranging for making a first-class

MOTORCYCLIST IS INJURED

William Dahl, the 21-year-old son of O. J. Dahl, a local contractor, lies at the Craven hospital in a serious condition and with a possible fracture of his skull as the result of a motorcycle collision which he had at the corner of Fifth street and Bissell avenue late today.

Dahl was returning from a fire at First street and Macdonald avenue along Bissell avenue and seeing no vehicles of any kind in sight speeded his machine until he was traveling close to 45 miles an hour. At the corner of Fifth street an express wagon, driven by E. P. Tenney and Charles Kelly, attempted to cross and before the young motorcyclist could so much as slow down he had crashed into the two horses throwing both to the street and himself being hurled head first against a fire hydrant.

Kelly and Tenney both jumped to the ground and running over they picked up the limp form of young Dahl whom they rushed to the Craven hospital where Dr. Hall Vestal attended him.

Whether or not Dahl has a positive fracture of the skull will not be known for twenty-four hours but the fact that he bled profusely from his nose and ears led Dr. Vestal to the belief that such may be the case.

The fact that Dahl knocked both horses pulling the express wagon to the street is enough to show that he must have been traveling at a tremendous rate of speed.

The machine was picked up a twisted mass of tin and iron.

A few weeks ago Dahl was apprehended by the authorities for running down a track roller for the Oakland Traction company on Ashland avenue.

GOES CRAZY IN ASYLUM

"Officer, please don't let the authorities take me back to the Stockton Insane Asylum," pleaded John Burns of Officer Jennings on Macdonald avenue this morning. Jennings, as soon as he could collect his wits, looked the man over and asked what was the matter with him, to which the demented individual replied that he was going crazy each day that he spent behind the bars of the Stockton Asylum and that he wanted to be free again.

Burns was taken to the police station where he unfolded a strange tale of his escape from the insane ward on the evening of May 30th, following which he hit the ties and has been tramping until this morning when driven by hunger and the thought of again being taken back to Stockton forced him to give himself up to the local police with the plea that they help him secure work.

Burns, although some of his thoughts do not track, is able to carry on a fairly good conversation and will probably be turned loose if the Stockton authorities do not care to have him back again.

ENGINEER CHAPMAN SAYS PAPERS ERR

Engineer Chapman declares that the item which has been going the rounds of the local press to the effect that one of his men had been engaged in circulating a petition for J. E. Rodgers to become superior judge is erroneous. Engineer Chapman says his men are not circulating petitions for any candidates for office and furthermore they are not mixing up in politics in any way whatsoever.

The men in the engineer's office are having all they can do attending to the business for the city and are not worrying themselves with politics or the troubles of other people.

COUNTY SECURES STATE ROAD DEED

The first deed to right of way for the state boulevard from Richmond to Martinez was of record today with the county recorder.

It is from Mary Rox, John Frederick Rox, Louisa Rox Mower, Anna Rox Barney, Mary Rox Burns, Tillie Rox Parrott, August and Rosa Rox Fitzgerald to the county of Contra Costa. It conveys one and a fractional part of an acre for highway purposes and has attached to it the jurats of four notaries public of as many counties where the multitude of grantors live.

They have troubles of their own, thank you.

RETAIL CLERKS ELECT OFFICERS

The Retail Clerks' union last evening named W. E. Tromby, as treasurer and W. H. Hollingsborough as secretary. Both are very active and able members of this thriving union.

SUIT LAID OVER

The case of Attorney B. F. Griffin who is suing J. J. Davis for \$150 attorney fees and which came up before Justice of the Peace John Roth this morning, was laid over until Wednesday afternoon.

The case developed out of a suit which Davis had some time ago and for which Griffin is endeavoring to collect attorney fees.

SMITH WINS SHOES AT PHILPOTTS STORE

George C. Smith, residing at 581 Third street, was the winner of the pair of shoes given away each week by the Stanford E. Philpott Shoe company.

Every person purchasing a pair of shoes is entitled to a ticket, the drawing of which takes place the latter part of each week. So folks the motto is: "The more shoes you buy the more tickets you will receive."

ELKS WILL HOLD SOCIAL THIS EVE

This evening Richmond lodge B. P. O. E. will hold another of its enjoyable ladies' nights. Exalted Ruler H. G. Biggs is in charge of the evening's affair and will be assisted by A. C. Lang, Frank Gordon and Dr. C. L. Abbott.

The evening will be spent at dancing at the conclusion of which refreshments will be served.

VITRIFIED OR BITULITHIC DISCUSSED

COUNCILMAN GARRARD REBUKES ATTORNEY FOR TALKING TOO MUCH

At its adjourned meeting last evening, the council heard testimony in order to determine what class of pavement will be best to be laid on Twenty-third avenue, from Macdonald to the Santa Fe crossing. There was much discussion pro and con, and many long-winded talks were made, that evidently got on the nerves of the members.

There were claims made for bitulithic and those for vitrified brick, but at the end the council decided to lay the matter over until some future meeting.

C. S. Hannum, who appeared as attorney for eight property owners, gave a lengthy dissertation on the merits of bitulithic and was still talking when he was interrupted by Councilman Garrard who was in the chair, with the remark: "Mr. Hannum, I think you are imposing on the members of the council with this long talk. I think we know a great deal more about the merits of the different pavements than you do, and I do not think you can advise us." The attorney made apologies and then took his seat.

Attorney Johnston, for the vitrified brick people, claimed this class of pavement would be the best for the street, as the traffic on the street will be very heavy, and vitrified brick would last longer than any other.

Just what will be the outcome of the matter is hard to say at this time, as the Nichol company controls more than a majority of the frontage.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

CHEER UP—CHERRIES ARE RIPE

This scribe is tired and weary tonight, and don't feel like writing, and so in pawing over a bundle of exchange papers in search of something worth reproducing we stumbled onto the following from the gifted pen of "Annie Laurie." We don't know who "Annie Laurie" is; probably that is a press name, but anyhow she writes nice little heart stories, and this is one of them: "Do you remember when cherries used to get ripe where you lived—when you really lived and it made a difference to you whether things were right at home or not?"

"I do. There were lots and lots of cherry trees in the place where I lived when I wore my hair shingled and striped stockings."

There was one particular tree, where the cherries always ripened first. It was an Early Richmond. My mother was a gentle woman of shy and modest ways. She didn't know what it was to brag; but, little as I was, I used to notice that my mother always had occasion to say something about the cherry pie we had for dinner when the cherries came off that particular tree and were the first ones ripe in town.

It was a little, old, spready tree, this particular one, and there was a knothole in the trunk, and every spring the bluebirds built their nest in that knothole. We children would have it that it was the same pair of birds every year, and we called them Mr. and Mrs. Bluebell and watched for their coming as if they were old and valued friends.

And oh, the white, white blossoms on that tree; and oh, the sweet, sweet fragrance of them; and when the wind blew and the sun shone, oh, the dancing shadows on the spring grass.

I used to sit under that tree for hours at a time and think I was thinking—and I was only being happy, just as happy as the brown puppy who rolled over and over in the grass beside me.

Once when I sat all night in a dismantled city and saw the smoke rise from the dreadful fires where they were burning the dead to avoid the pestilence I shut my eyes and saw the old cherry tree, all a-blossom, and watched the shadows of the boughs playing hide and seek on the green grass beneath.

Cherries are ripe in California. Soon they will be ripe in the old place where I used to play, but I shall not pick any of them there.

I hope some little girl will. Here's looking at you, little stranger, across the miles and across the weary years. May the cherries always be ripe in due season wherever you are, and may you have those you love with you to help you pick and eat them."

THE PRICE OF SAFETY

You'd doubtless feel somewhat annoyed, if you should meet up with typhoid, or with the many germs if it, and they should tackle you and you'd get bit; it is up to you to get dead right, and not be open for a bite. So boil the water that you drink, and boil your nightcap and your ink, and boil your cheeks and boil your socks, and boil your shirts and boil your shoes, and your strawberries and your booze, and fishing poles and worms and shoes, and all your wife's kin boil them too; the germs will all skidoo, if they are only boiled enough, and boil the baby, it is tough to boil a baby but a germ requires that fathers should be firm. Be sure you boil your ice, and boil your light-bread slice by slice, and everything you eat, your salt and sugar and your feet; your peanuts and bananas, skins, and boil your needles and your pins; never minding how they squirm, boil every last dogged germ that tries to get you in its toils, boil all of them and boil your boils; and then when you have toiled and toiled, and you have boiled and boiled and boiled, we have no doubt that bye-and-bye you'll live right on until you die.

The big bronze statue of Thomas Jefferson given to Columbia University by the late Joseph Pulitzer, was unveiled today. In case you may have forgotten him, we will state that Thomas Jefferson was the person described by Roosevelt as a demagogue of remarkable craft and insincerity.

DOUBLES PIGS WEIGHT BY FEEDING SKILL

Pigs twice as heavy as most pigs are at birth are being farrowed at the University Farm of the University of California, at Davis.

High condition of the sow is the chief cause. The feeding of a properly balanced ration brings about this high condition. The Farm is careful that it shall be accompanied by sufficient exercise. That the results are desirable and highly profitable has now been established. The old notion has been disproved that high condition lessens the sow's prolificacy.

These investigations are valuable to the stock-growers of California as overthrowing the mistaken idea that high condition is necessarily injurious to breeding animals.

Carefully kept records of pigs farrowed at the University Farm show a total of 222 live pigs farrowed from 24 sows. Of these 24, fourteen have their first litters. The birth weight is just as remarkable as the number, for they weigh as much as four and two-tenths pounds at birth and are exceptionally vigorous. So far the average birth weight has been approximately 3.2 pounds, yet anything over 2.2 pounds is considered heavy.

That these sows in high condition are heavy milkers, thus inducing rapid and economical gains on the young pigs, is attested by the weight of the last litter weaned. These pigs were sixty-one days old on the day they were weaned and averaged 55 pounds in weight. These results are still more remarkable because they represent the average production of six different breeds, at least one of which has been criticized for being very unprolific.

No feeds other than those produced on the University Farm are used except wheat shorts or middlings. Alfalfa pasture is utilized whenever available, except in the fall, after it has been frosted. The pigs are weighed at birth, and the sows as soon afterwards as possible and both are weighed each week thereafter until the pigs are weaned. All of the grain and milk for both sow and pigs are weighed and the area of pasture measured so that later it will be possible to determine accurately the complete cost of producing pork under California conditions.

This experimental work in animal industry, together with much other, including milk production from different breeds of dairy cows and milch goats, is available for inspection whenever visitors come to the University Farm, and is useful also in connection with instruction in the college of agriculture and the Farm School.

A RICHMOND CITIZEN COMES TO THE FRONT

Tells His Friends and Neighbors of His Experience.
Every Richmond resident should read what a neighbor says. His testimony can be relied upon. Here are his words:

"Having followed railroad for a number of years, the jarring finally brought on trouble with my kidneys," says Thomas P. Powers, of 240 Third St., Richmond. "I frequently caught cold, nearly always resulting in attacks of lumbago and the most acute and piercing pains across my back. I had a constant desire to pass the kidney secretions, but they were scanty. After taking various remedies and doctoring, I finally used Doan's Kidney Pills. I was cured and have remained so for three years."

CURRY AND KNOWLAND TO BE GIVEN BIG RECEPTION

To give a reception to Congressman Charles F. Curry and Joseph R. Knowland in appreciation of the splendid work they have done on behalf of Richmond in its harbor development campaign is a proposition that is being discussed by some of the active citizens.

It is proposed that the reception take the form of a "dollar" dinner to which all citizens shall be invited and the basement of the Elks' hall has been suggested as the most available place. That the people of Richmond should show appreciation of the work of these two Congressmen in behalf of this city by some public demonstration is generally believed.

If the dinner reception is held, a program of entertainment will be arranged and speeches will be made by both Congressmen and by a selected list of local spellbinders in respect of party. The reception as proposed, will be entirely non-partisan under the plan thus far

talked of.

Congressman Knowland is now in this state making his campaign for the nomination for the United States senate. Congressman Curry is still in Washington, but must get out here soon to take care of his campaign. It can hardly be called a fight, judging from present indications.

Both congressmen will deliver addresses here, but it is intended to hold the public reception on some other night than that on which they make their campaign appearance in Richmond.

This is the first campaign in California for the United States Senate under the Constitutional amendment, providing that senators shall be chosen by direct vote of the people.

The term of Senator George C. Perkins expires and he will not again be a candidate.

James D. Phelan is the aspirant on the Democratic side for the senate seat that is to become vacant.

"DETECTIVE KELLY" AT RICHMOND THIS EVENING

Frank Harris and Myrtle Wilson in vaudeville at the Richmond theatre today, offer catchy songs and a little routine of dancing. Both have good voices, are good dancers and make a splendid appearance in dress.

Honey Willis, a German comedian, proves an excellent act and certainly pulls off some clever stuff.

Billy Cook, in a little presentation all his own, will make everyone roar with laughter.

The display in motion pictures on today's bill is certainly deserving of

much credit.

"Detective Kelly" is a Pathe feature in two parts that is strenuous enough to satisfy the most exacting observer who appreciates thrills.

The race between an automobile and a fast train is marvelous and finally the automobile is left on a crossing to wreck the train.

Three other well selected pictures are shown. "Will Blood Tell," a strong Lubin drama; "Tommy's Tramps," a Vitagraph Comedy, and "The Tango Flat," a crackerjack Biograph comedy.

HIGH VALUATION FOR WANSKE ESTATE

The estate of the late Herman Wanske, a Richmond saloon keeper, has been given a valuation of \$22,230 by the three appraisers appointed by the court. A. J. Soto, Richard F. Peach and J. L. Kenyon in the inventory filed with the county clerk yesterday morning.

MARTINEZ SELECTED AS NAVAL OIL BASE

VALLEJO, June 4.—Martinez has been selected as the oil supply depot for the Pacific naval fleet by the navy department, according to well grounded reports received here which go to the effect that an agreement has been entered into by the department with the Shell interests to supply the fuel oil at that point for a term of years.

In return it is stated that Shell interests are to construct the pipe line from the Coalinga fields to the Martinez terminal in accordance with plans furnished by the government and that actual construction has commenced under that agreement.

The Shell company known as the Valley Pipe Line company agrees to complete the line from Coalinga to Martinez within six months and that the route will follow the line of the Southern Pacific railroad company.

Orders have been let for over 172 miles of pipe required by the company and there is already a stretch of forty miles at the southern end under construction at the present time.

THE LAST OPPORTUNITY TO INSCRIBE YOUR NAME

The Order of St. George is a beneficial and social organization which has been organized for the benefit of Englishmen and those of English ancestry. Eligibles are Englishmen, their sons, grandsons and great grandsons. The charter fee is \$5.00 and this includes medical examination of applicant.

A lodge of the order is being organized in this city. Briefly stated the benefits are these: One hundred dollars upon the death of a member and fifty dollars in case of the death of his wife; seven dollars per week sick benefit and free medical attendance during illness.

The charter closes on Thursday evening, June 4th, and all who sign up for the charter before that time will have the advantage of the reduced rates. The meetings are to be held for the present in Barnman's Hall. All who are eligible are invited to attend the organization meeting.

RESOLUTION OF INTENTION NO. 233

A RESOLUTION OF THE COUNCIL OF THE CITY OF RICHMOND DECLARING ITS INTENTION TO IMPROVE PULLMAN AVENUE FROM THE EASTERLY LINE OF TWENTY-THIRD STREET TO THE SOUTHERLY LINE OF CUTTING BOULEVARD; CREATING AN ASSESSMENT DISTRICT TO BE ASSESSED FOR THE COSTS, CHARGES AND EXPENSES THEREOF, AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT THE COST THEREOF.

Be It Resolved by the Council of the City of Richmond as follows: That the public interest and convenience require, and that it is the intention of the Council of the City of Richmond to order the following work to be done, to wit:

That Pullman Avenue from the easterly line of Twenty-third Street to the southerly line of Cutting Boulevard, including therein all terminations and intersections within the said limits, be graded to its full width to the official lines and grades; paved with a paying, consisting of a six (6) inch concrete base, a two (2) inch bitulithic wearing surface with a bitulithic flush coat; and curbed and sidewalked with cement concrete, excepting from the above described paving a strip varying from twenty-two (22) feet to thirty-seven (37) feet in width lying along the southwest side of said Pullman Avenue and extending as follows: From a point 425 feet southeasterly from the easterly line of Twenty-third Street to the northwesterly line of Main Street extended northeasterly, and from the southeasterly line of Main Street extended northeasterly, to the northerly line of Cutting Boulevard, as specifically shown on Plans No. 233, reference being hereby made thereto. That culverts of corrugated-iron and concrete, with concrete portals, wing walls and with corrugated iron branches, be constructed on the northerly curb line of Pullman Avenue in front of Ohio Street, Florida Street, Center Street, Twenty-seventh Street, including the intersections of said Center Street and Twenty-seventh Street, South Street, and across Cutting Boulevard; and under the sidewalk at the southeasterly line of South Street.

That a catch basin of concrete and with a cast iron grate be constructed on the northerly curb line of Cutting Boulevard at the existing culvert across Pullman Avenue southeasterly from Center Street.

Excluding from the above work any part thereof required by law to be kept in order or repair by any person or corporation having railroad tracks thereon, and excepting any of said work now in to the official lines, grades and specifications.

That sewers, manholes and lamp-holes be constructed as follows:

A six (6) inch pipe sewer along a line parallel to and 8 feet southwesterly from the northeasterly line of Pullman Avenue, from a lamp-hole to be constructed at a point 150 feet northwesterly from the center line of Ohio Street to a man-hole to be constructed on the easterly line of Ohio Street extended southwesterly; thence to a man-hole to be constructed on the center line of Florida Street extended southwesterly; thence 403.33 feet southeasterly to a man-hole to be constructed at that point.

A twelve (12) inch pipe sewer along the above described line, from the man-hole last described to a man-hole to be constructed at a point 336.21 feet southeasterly therefrom; thence to a man-hole to be constructed at a point 515.54 feet southeasterly from said man-hole last mentioned; thence to a man-hole to be constructed on the center line of South Street extended southwesterly; thence continuing on the extension of said above described line to a man-hole to be constructed at a point 17.5 feet southwesterly from the northerly line of Cutting Boulevard; thence to a man-hole to be constructed on the intersection of a line parallel to and 22 feet northerly from the southerly line of Cutting Boulevard, and a line parallel to and 10 feet southwesterly from the northeasterly line of that part of Pullman Avenue lying south of Cutting Boulevard, extended northwesterly; thence on said last described line to the southerly line of Cutting Boulevard extended westerly.

A six (6) inch pipe sewer along the center line of Ohio Street extended southwesterly from the man-hole heretofore referred to, to be constructed on the center line of

Ohio Street extended southwesterly, to the northeasterly line of Pullman Avenue.

A ten (10) inch pipe sewer from the man-hole to be constructed at a point 403.33 feet southeasterly from the center line of Florida Street extended southwesterly, northeasterly to the northeasterly line of Pullman Avenue.

A ten (10) inch pipe sewer from the man-hole to be constructed at a point 336.21 feet southeasterly from the last named man-hole, northeasterly to the northeasterly line of Pullman Avenue.

A ten (10) inch pipe sewer from the man-hole to be constructed at a point 515.54 feet southeasterly from the last named man-hole, northeasterly to the northeasterly line of Pullman Avenue.

A ten (10) inch pipe sewer along the center line of South Street extended southwesterly from the man-hole, to be constructed on the center line of said South Street extended southwesterly, northeasterly to the northeasterly line of Pullman Avenue.

An eight (8) inch pipe sewer along a line parallel to and 17.5 feet southerly from the northerly line of Cutting Boulevard, from the man-hole heretofore referred to, to be constructed at that point, to the northeasterly line of Pullman Avenue.

A six (6) inch pipe sewer along a line parallel to and 22 feet northerly from the southerly line of Cutting Boulevard, from the man-hole heretofore referred to, to be constructed at that point, to the northeasterly line of Pullman Avenue.

All pipe to be salt glazed, vitrified, ironstone sewer pipe; all man-holes to be of brick with cast iron rims and covers, and all lamp-holes to be of salt glazed, vitrified sewer pipe with cast iron rims and covers.

Four (4) inch wye branches shall be placed, one for every twenty-five (25) feet of abutting property on the northeasterly side of said Pullman Avenue.

All of said work and improvement to be done in accordance with Plans and Specifications No. 233 adopted thereto, and now on file in the office of the Clerk of the City of Richmond, reference thereto being hereby especially made.

And the Council does hereby determine and declare that the public interest and convenience require that said work and improvement should be done, and that said proposed work and improvement is of more than local and ordinary public benefit, and will affect and benefit the lands and district hereinafter described, which said district is hereby declared and established to be the district benefited by said work and improvement, and that the cost and expense of said work or improvement shall be, and is hereby made chargeable against, and shall be assessed upon such land and district, all of which district is within the City of Richmond, County of Contra Costa, State of California, and more particularly bounded and described as follows, to wit:

Commencing at the intersection of the easterly line of Twenty-third Street and the southwesterly line of the right-of-way of the Southern Pacific Company, and running thence northerly on the extension of said easterly line of Twenty-third Street to its intersection with the northeasterly line of the said right-of-way; thence northeasterly crossing Pullman Avenue to a point on the easterly line of Twenty-third Street, which point is the beginning of a curve connecting the easterly line of Twenty-third Street to the northeasterly line of Pullman Avenue, as said Twenty-third Street and Pullman Avenue were widened by Street Proceedings No. 104 of the City of Richmond; thence at right angles to the said easterly line of Twenty-third Street easterly a distance of 108.7 feet; thence southeasterly parallel to and 188.7 feet northeasterly from the southwesterly line of Pullman Avenue to the northerly boundary line of Pullman Park Tract as shown on "Map of Pullman Park Tract" filed in the office of the Recorder of Contra Costa County, California, on October 14, 1910; thence easterly along the northerly boundary line of said Pullman Park Tract to the easterly boundary line of said tract; thence southerly along the said easterly boundary line of said Pullman Park Tract to the southerly line of Lot Thirty-three (33), Block One Hundred and Sixty-seven (167), Walls Addition, as shown on "Map of Walls Addition" filed in the office of the Recorder of Contra Costa County, California, on the 22nd day of March, 1909; thence easterly along the said southerly line of said Lot Thirty-three (33) to the westerly line of Thirtieth Street, as shown in said Walls Addition; thence southerly along the said westerly

line of Thirtieth Street to its intersection with the southwesterly line of Bay Street in said Walls Addition; thence in a general southeasterly direction along the southwesterly and southerly lines of said Bay Street to the intersection of said southwesterly line of Bay Street with the westerly line of Dean Street in said Walls Addition; thence southerly along the said westerly line of Dean Street to the southerly boundary line of said Walls Addition; thence easterly along the said southerly boundary line of Walls Addition to its intersection with the westerly line of Dean Street, as shown on the "Map of Pullman Townsite" filed in the office of the Recorder of Contra Costa County, California, on the 7th day of March, 1910; thence southerly along the said westerly line of said Dean Street to the southeasterly corner of Lot Thirty-six (36), Block Three (3), said Pullman Townsite; thence to the southwesterly corner of said Lot Thirty-six (36); thence to the southeasterly corner of Lot Fourteen (14), said Block Three (3); thence northerly and northwesterly along the easterly and northwesterly lines of said Lot Fourteen (14) to the most easterly corner of Lot Thirteen (13), said Block Three (3); thence to the most southerly corner of said Lot Thirteen (13), said Block Three (3); thence to the most northerly corner of Lot Twenty-four (24), Block Two (2), said Pullman Townsite; thence to the most southerly corner of Lot Twenty-five (25), said Block Two (2); thence to the most northerly corner of Lot Fourteen (14), said Block Two (2); thence to the most westerly corner of said Lot Fourteen (14); thence to the most northerly corner of Lot Twenty-six (26), Block One (1), said Pullman Townsite; thence to the most westerly corner of said Lot Twenty-six (26); thence to the most southerly corner of Lot Twenty-five (25), said Block One (1); thence to the most westerly corner of Lot Twenty-four (24), said Block One (1); thence to the northeasterly corner of Lot Twenty (20), said Block One (1); thence to the southeasterly corner of said Lot Twenty (20); thence to the northeasterly corner of Lot Five (5), Block Twelve (12), said Pullman Townsite; thence to the most easterly corner of Lot Sixteen (16), said Block Twelve (12); thence southwesterly along the southeasterly line of said Lot Sixteen (16), and the direct extension southwesterly of said line, to the intersection of said extension with the southwesterly right-of-way line of the Southern Pacific Company; thence in a northwesterly direction along the said southwesterly right-of-way line of the Southern Pacific Company to its intersection with the easterly line of Twenty-third Street, and the point of commencement.

Saving, excluding and excepting from said assessment district all public streets, avenues, lanes, alleys, crossings and places therein included and contained.

Reference is hereby made to Patent License Agreement of Warren Brothers Company dated May 7, 1913, now on file in the office of the Clerk of the City of Richmond.

That said City Council, under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911," determines and declares that serial bonds be issued to represent the cost of said proposed improvements. Said bonds shall be serial, extending over a period of five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of twenty-five dollars (\$25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date, and until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days in January and July, respectively, of each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

The Richmond Record-Herald, a daily newspaper published and circulated in said City of Richmond, is hereby designated as the newspaper in which this Resolution of Intention shall be published, and the Clerk of the City of Richmond is hereby directed to cause

be published by two insertions in said newspaper in the manner required by said "Improvement Act of 1911," and the Superintendent of Streets is hereby directed to cause to be conspicuously posted along the line of said contemplated work notices of the passage of this resolution, in the manner and form required by said "Improvement Act of 1911."

This Resolution of Intention is adopted under the provisions of the "Improvement Act of 1911" approved April 7, 1911.

I hereby certify that the foregoing Resolution of Intention was passed and adopted at a regular meeting of the Council of the City of Richmond held on the 1st day of June, 1914, by the following vote:

SWEARS: ON BAIL

Tony Fuzzio, an Italian arrested last evening by Officer Betts on a charge of using profane language while in a drunken condition, is out on \$5.00 cash bail which he deposited with Day Booking Officer McGowan today.

Fuzzio, when arrested, was walking down the middle of the street shouting curse words as loud as his voice would let him.

CONTAMINATION OF MILK IS EXPLAINED

Living bodies, both great and small, are usually found in a definite place. The bacteria found in milk are indeed a mixed collection. The fact that certain organisms are frequently found in milk does not necessarily mean that they originate in the udder, but rather directs the search toward the focus of infection from which they find their way into the secretion of the mammary gland. It is known, says The Journal of the American Medical Association, that while the colon group is frequently found in water and milk, its natural habitat is the intestinal tract of warm-blooded animals. The experts of the Dairy Division of the Bureau of Animal Industry in Washington have been investigating the sources from which the streptococci may gain entrance into milk. The foremost possibilities are: contamination with feces, which must always be considered as a possible source of contamination; the presence in the herd of one or more cows with infected udders; and the cow's mouth, which is known to contain streptococci. Its habit of licking the flanks and udder provides a more or less direct connection between the mouth of the cow and the milkpail.

JACKSON WILL CLAIM BRIDE

The news leaked out shortly after the departure of Assistant City Clerk George Jackson for Los Angeles that he was going south with the intent purpose of claiming Miss Jean Baker of the southern city as his bride.

All is gossip about the city hall corridors in awaiting a telegram from the young man as to his venture.

RICE NOW HEAD OF NATIVE SONS

Officers for the ensuing year were elected last evening by Richmond Parlor N. S. G. W. at its regular weekly meeting held in Sequoia hall. The new officers chosen last night for the coming year are as follows: A. F. Rice, president; T. J. Shea, first vice president; T. L. Kennon second vice president; L. G. Pellegrin, third vice president; F. C. Patterson, financial secretary; F. G. Smith, recording secretary; C. Escobar, treasurer; R. W. Throver, marshal; M. G. Coats, inside sentinel; E. C. Lambrecht, outside sentinel; A. I. Summers, trustee; Dr. Hall Vestal, surgeon.

FORESTERS MAKE NOMINATIONS

Officers were nominated at the meeting of Court Richmond, Ancient Order of Foresters last evening. Those nominated for the various positions were: Chief ranger, G. G. Amazeen; sub chief ranger, P. M. Ferrell; financial secretary, F. Julio; recording secretary, J. R. McCarthy; treasurer, G. Alexander; senior woodward, L. Rodriguez; junior woodward, L. Slason.

CABINS INSTEAD OF TENTS USED

The necessity for keeping lookouts and forest firemen day and night on exposed points from which forest fires can be quickly sighted, has forced the adoption of plans for the construction of small wind proof buildings to take the place of tents which do not afford comfortable shelter on such sites.

All lookout houses constructed in future by the Forest Service will conform to standard specifications designed to give the lookout unobstructed view.

Stomach Trouble; Wholly Restored!

Mrs. Wilson Robison, 744 N. 10th St., Toledo, Ohio, writes:
"I feel like a new person. I have no more heavy feelings, no more pain, don't belch up gas, can eat most anything without it hurting me. I want to be working all the time. I have gained twenty-four pounds."

"People that see me now are astonished. I tell them Peruna did it. I will say it is the only remedy for spring and all other ailments."

No argument is needed for Peruna. Just get a bottle and try it. If you have stomach trouble, if you want to find a remedy it would be very easy to make the experiment. Before you have taken Peruna a week you will find yourself better, then you will need no testimonials on the part of other people or arguments to convince you. Until you try Peruna, however, all the testimonials in the world and arguments, however logical, will not move you. Just one trial of Peruna will convince you. Persons who object to liquid medicines can now obtain Peruna Tablets.

SUPERVISOR M'BRYDE TALKS ABOUT ROAD PLANS

(Continued from Page 1)

highway from Richmond up San Pablo creek valley to connect with the tunnel road and when this is completed he feels assured that Richmond will reap a substantial reward in the way of patronage to our merchants from people living in that section who now go to Oakland and other cities near by to do their trading.

Mr. McBryde says that the first of the state highway contracts for the Martinez-Richmond work will be let about the 8th of the present month and another will be awarded about the 24th of the present month and the others will follow in rapid succession. It is the intention of the authorities to push the work to completion as fast as money and labor can do so. The route of the highway will be along the water front to Martinez and there it will connect with the Solano county highway and also the new projected county road which is soon to be built from the county seat to Bay Point, Antioch and Byron and on to Stockton. This latter road involves the construction of a long bridge across Middle river in San Joaquin county and the expense of this structure is to be met by one-third from Contra Costa county and the other two-thirds by San Joaquin county.

Supervisor McBryde has completed the task of securing the right-of-way for our portion of the state highway, and this was no child's job, too. He had to use the utmost diplomacy in order to have enough money for that purpose. Owners of land over which the road must traverse got into their heads that the opportunity was a good one for making a lot of easy money and attempted to ask prices much higher than the land was actually worth, but they were brought to see that it was a matter of interest for all and for the most part were willing to sell their holdings at a reasonable figure.

The road to Martinez from this city by the way of Franklin Canyon is now in fair condition and will be kept that way for the future. Mr. McBryde is paying personal attention to road building and while a great deal of the work appears to be coming rather slowly, still there is every reason to hope now that the Supervisor's assurances will be fully realized before the present summer is over.

Just at the present time Mr. McBryde is paying a good deal of attention to the political situation. He was appointed by Governor Johnson a little over a year and a half ago to fill the unexpired term of C. J. Rhin, who resigned and of course he is a candidate to succeed himself. He has several opponents in the field, among whom are Judge Huber of Stege and Zeb Knott of this city.

CONCORD WILL GET A LARGE FACTORY

CONCORD, June 4.—There is an encouraging prospect for this city to have another large industry added to the business life of this section.

Several meetings between promoters and business men have been held, the last one being in session Tuesday night, and another one will be held within a few days.

This new industry will turn out porcelain wares of all kinds, and will employ nearly one hundred men with a weekly payroll of about \$3,500.

It is desired on the part of the promoters to interest local capital to some extent and thus make the enterprise a local institution and from individual investigations which have been made there seems to be a very reasonable certainty that the men already connected with the industry are men of good business standing and can make good.

Concord is advantageously situated for manufacturing enterprises and our citizens are thoroughly alive to the necessity of meeting all comers with every possible encouragement.

Leaves for Home.

Miss Gertrude Bowen of Sacramento, left for her home today, after a short visit with her Aunt, Mrs. J. A. Long, of this city.

To go East.
Mrs. H. A. Stiver will leave in a few days for an extended trip throughout the east.

CAPTAIN MONROE TAKEN BY DEATH

(Continued from Page 1)

Captain Monroe has piloted the steamers bearing the big white "S" by which the Standard Oil tankers are designated he has not once suffered a disaster where there was a single life lost which is a record that is hard to beat for mariners plying in the coastwise trade.

The Captain, a man of health and vigor, felt in the best of spirits until a few weeks ago when he suffered a paralytic stroke which confined him to his home.

From the day that he was first forced to his bed his strong constitution has gradually weakened until this morning when the sudden relapse which he suffered proved too great a strain on him and he passed away. The deceased is survived by a wife, Catherine, two sons, George and Harry and two daughters, Emily and Clara.

The funeral services will be in all probabilities held on Monday at which time the members of Oakland and Richmond lodge of Elks will be in attendance.

The body was removed to the City undertaking parlors.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salt if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzed the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink. Adv.

**A Product Of
40 Years' Experience**

For 40 years and over we have been successfully manufacturing lubricating oils for hundreds of different purposes. When the automobile came into use, our experts made a thorough study of its construction and operation and we produced Zerolene, a special oil to meet the exact lubricating requirements of this type of gas engine.

ZEROLENE
THE STANDARD OIL
FOR MOTOR CARS

We therefore recommend Zerolene not merely as a good oil, but as actually the best motor oil we can make. It is giving satisfactory service to thousands of motorists. It keeps the motor cool by perfect lubrication; cuts down repair costs and lengthens the life of the car.

ASSISTANT WILL TAKE A SPECIAL LIBRARY COURSE

At the last meeting of the board of library trustees, Miss Ruth Epperson was given a six weeks' leave of absence to attend the summer session of the library school at the university. This speaks well for the library, not only because it is an indication of the broad and progressive policy of the board of library trustees, but because Miss Epperson being accepted as one of the very small number of students in the summer session of the library school, illustrates the fact that Richmond is placed in high rank among other libraries. The realization on the part of Miss Epperson that scientific training is necessary for progress in library work, reflects again on the Richmond library that it has trained her thus far along such lines that the possibilities of broader fields are open to her view. Miss Epperson took the apprenticeship course under Mrs. Whitbeck and since October 1st has been the children's librarian. After completing the course at the university Miss Epperson plans to return to the Richmond library, rendering more efficient service and occupying a more responsible position. Miss Edith Pickett will substitute for Miss Epperson during her absence. Another change has been made in the staff of the library by the addition of Miss Myrtle Pearce. Miss Pearce took the apprenticeship course this winter while finishing her senior year at the high school. Miss Wilson will attend the meeting of the California Library association at San Diego from June 15 to 20, as representative of the Richmond library. Mrs. Whitbeck going at the same time from the county library.

RESOLUTION OF INTENTION NO. 241

A RESOLUTION OF THE COUNCIL OF THE CITY OF RICHMOND DECLARING ITS INTENTION TO IMPROVE A PORTION OF LOHEIDE AVENUE AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT THE COST THEREOF.

Be it resolved by the Council of the City of Richmond as follows:

Section I. That the public interest and convenience require and that it is the intention of the Council of the City of Richmond to order the following work to be done in the City of Richmond, County of Contra Costa, State of California, to-wit:

That, Loheide Avenue from the northern line of Montgomery Avenue, to the southern line of Spring Street, be graded to its full width, paved with "RICHMOND STANDARD MACADAM," consisting of rock and of asphaltum of a penetration between 125 degrees and 140 degrees, District of Columbia Standard, and curbed, guttered, and sidewalked with cement concrete. Excluding therefrom any of the above work required by law to be kept in order or repair, by any person or corporation having railroad tracks thereon, and excepting any of the above work now in to the official line, grade and specifications.

All the above described work shall be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution duly passed at a regular meeting of said Council held on the 1st day of June, 1914, and numbered 241, now on file in the office of the City Clerk of the City of Richmond, reference thereto being hereby especially made.

Section II. That said City Council, under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911," determines and declares that serial bonds be issued to represent the cost of said proposed improvements; said bonds shall be serial, extending over a period of five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of twenty-five dollars (25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal; and even annual proportions of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date and until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days in January and July, respectively, of each year at the rate of seven per cent (7) per annum on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

Section III. The Richmond Record-Herald, a daily newspaper published and circulated in said City of Richmond, is hereby designated as the newspaper in which this Resolution of Intention shall be published, and the City Clerk is hereby directed to cause this Resolution of Intention to be published by two insertions in said newspaper in the manner required by said "Improvement Act of 1911," and the Superintendent of Streets is hereby directed to cause to be conspicuously posted along the line of said contemplated work, notices of the passage of this resolution, in the manner and form required by said "Improvement Act of 1911."

Section IV. This resolution of intention is adopted under the provisions of the "Improvement Act of 1911" approved April 7, 1911.

I hereby certify that the foregoing Resolution of Intention was passed and adopted at a regular meeting of the Council of the City of Richmond, on June 1st, 1914, by the following vote:

AYES: Councilmen Follett, Garrard, Fernald, Hartnett, Penry, Lane, Pickett, Willis and Ludewig.

NOES: None.

ABSENT: None.

In Witness Whereof, I have hereunto set my hand and affixed the corporate seal of the City of Richmond.

BUMPER CROPS OF GRAIN FOR COUNTY

Contra Costa county will this year harvest bumper grain as well as fruit crops. The combined harvesters have been started to work on the grain and from all sections comes the word that this year will be a record breaker.

On Tuesday World's Fair Commissioner John Birmingham, Jr., accompanied by J. H. Trythall, chairman of the board of county supervisors on a trip through the Contra Costa county interior. Brentwood irrigated farms were visited and stops were made at other places en route. On all sides the word was given out that the farmers will reap the largest harvests in years. At the Brentwood farms, Mr. Birmingham obtained some excellent samples of grain for the exhibit in San Francisco at the Panama-Pacific International exposition next year.

On the Marsh tract there is a big crop of grain and the boulevard is being fast completed. This improvement is a worthy demonstration of public enterprise and will be a great aid to the people of that vicinity.

Henry Sellers of Knightsen reports that the crop on the island this year will be a large one—un-

LEAGUERS ENJOY NOVEL HAY RIDE

More than two score of the young church people were present on the ride which took up the early part of the evening at the conclusion of which refreshments were served.

usually so—and that he and Assistant World's Fair Commissioner Sweeney are making arrangements to prepare a splendid exhibit.

The Hickmott Canning company of Orwood is making up a fine display of their asparagus in glass jars for Commissioner Birmingham. The Hickmott took the gold medal at the land show in San Francisco last fall and now better samples are obtainable than those displayed in the metropolis and which carried away the honors over many competitors.

Contra Costa's exhibit will be a fine one when the fair opens next year and Commissioner Birmingham is losing no time in getting everything ready at the time when all of the samples are at their very best.

YOUNG PEOPLE AWAIT DANCE TOMORROW EVE

Tomorrow evening promises to be an enjoyable occasion at Zozy Kove park at which time Messrs. Stanley Dimm and Wayne McRacken will hold a dancing party, the equal of which will perhaps never be staged. Invitations for the hop have been sent to many of the younger set in this city who promise to make the affair a lively occasion from the start.

That light will not be lacking for the dance is shown by the fact that a full moon and numerous Japanese lanterns will smile in upon the young folks and their evening's pastime.

Music for the occasion will be furnished by the McRacken-Ferguson orchestra, several numbers of which will be rendered for the first time in this city.

Numerous "Lovers' Benches" have been installed in various parts of the park during the last few days and tomorrow evening's attraction promises to be the event for many young people.

STANDARD OIL TO COMMENCE WORK

The Standard Oil company will start work on their local supply station at once in Martinez. The contract in which the city set the annual rental for the 150 foot water frontage which the company sought at 50 a front foot, or \$75 a year, has been accepted by the oil people and an announcement has been made that work will begin immediately. This plant will supply oil to all of the territory contributory to Martinez and will provide employment to many men. This is only the first of many of the big corporations, who have an eye on the Martinez waterfront, to locate there and soon there will be much local industrial activity. Attorney M. R. Jones of this city represented the Standard Oil people.

RUTH FALLON IS CLAIMED AS BRIDE

Miss Ruth Fallon and Thomas Sherman, both of this city, were granted a marriage license in San Francisco yesterday. Miss Fallon has a host of friends here who will be happy to learn of her intended marriage to Sherman.

The couple on their return were tendered a wedding supper by their friends.

TANGO TEACHER TO JOIN THE PARKER PLAYERS

Without a doubt the reading, "The Charleston Fire," by Miss Marian Ward, of the Parker Players last night, was one of the finest of the number produced. Miss Ward's work in readings of this character is far above any criticism and must be heard to be appreciated.

The song by Paul Parker and "Rok in Cork" were well received as well as the stories by both.

The picture, "The Wooing of O San," a two-reel Mutual, is one of the prettiest photo dramas shown in Richmond in a long time. The other picture, "The Rose of San Juan" is also another Mutual production, being a story of early California life. The entire bill will be repeated tonight with a possible added attraction as Manager Farnham likes to spring added attractions at the last minute.

Beginning Saturday night the Majestic management will begin with something entirely new for a picture house to undertake. Miss Betty Glenn, a famous Tango dancer and teacher will join the Parker Players and after each performance will give instructions absolutely free.

Miss Glenn will give instructions in the different Tangos. One-step, Heaton Waltz and Castle Walk. Be sure and attend her opening on Saturday.

Miss Betty Glenn, a famous Tango teacher of San Francisco, was a visitor in Richmond today as the guest of Mr. and Mrs. W. C. Farnham of the Majestic theatre.

CHEMICALS USED IN FILTRATION HARMLESS

The only chemicals used in the process of filtering water are the well known and harmless substances of slacked lime and alum.

The waters of Northern California streams carry fine particles of clay during most of the year and in order to remove this material, it is necessary to add very small amounts of the coagulants.

For generations it has been the custom of housewives to "clear" the coffee with a small quantity of white of egg. The alum and lime in the water acts much in the same manner as the egg in coffee. They combine with each other to form a feathery, flaky substance, not valuable in water and which settles out very slowly, entrapping and carrying down not only the clay particles but practically all of the bacteria that may happen to be present.

After having two hours or more to settle, the water then passes to the filters and a small amount of the "flock" or coagulant is carried out of the surface of the sand and forms a very fine straining surface which is very efficient in removing any-

thing carried by the water in suspension.

In most waters there is enough natural lime to combine with the alum added and so no lime is put in. The water of the Sacramento river is exceptionally soft, and at certain times of the year a small amount of lime will be necessary.

Neither the lime nor the alum stays in the water, as the two combine to form two substances that do not dissolve and so are settled or filtered out. In feeding babies by bottle, it is the custom to add lime water to the milk. The baby gets more lime in a single feeding than is put into several gallons of water. With proper supervision such as a large filter is sure to have, the filtered water will be as free from traces of the chemicals added before filtration, as if they had been so much clean sand.

Hundreds of cities in this country are using the process of chemical treatment and filtration and several of the largest cities in the country are building new works of this type.

CONTRACTOR MUST REPAIR 12TH STREET

The hearing of the protest of the property owners on Twelfth street last evening by the city council resulted in Contractor Rutherford being instructed to go ahead and repair the various portions of the street that had gone bad since being accepted by the city.

The argument took up almost the entire evening during which

time City Engineer Chapman was put on the witness stand together with J. P. Terry, assistant chemist at the Standard Oil that the grade of asphalt used in the street might be ascertained.

The case of the protestants was handled by Attorney H. L. Howe while Attorney Lee D. Windrem represented Contractor Rutherford.

CHAT AND DOPE BASEBALL

HOPES FOR GAME GONE—MANAGER AT SPRINGS

According to one of the Martinez sport sizzlers, Manager James McNamara, of the county seat team, is at the present time singing that tune of little ditty entitled "I'm on my way to Mandalay" for, believe me, fans, the brains of the Courthouse team has departed for Tucson springs, where he intends to remain out of reach of the Richmond papers and the maddening Richmond fans.

But while away in Mandalay the fans of this city still continue to sport blasphemies at the Martinez aggregation like one of the Lassen county volcanoes because no definite action has as yet been taken in regard to arranging a game.

Baseball must be running rather lax at the county seat when the manager can pack his suitcase, climb aboard an excursion rate train and beat it for the wilds while down to this ever bustling smoky city Manager Howard French is unable to go to bed until a late hour in the evening and then cannot sleep on account of the many pressing baseball matters that are hovering over the team at the present time.

Well, we have not been able to get that "rep" Martinez, but hope to some day before our batboy gets grey headed and the weeds start to climb through the keyboard of this machine.

LIVE CHICKENS GIVEN AS PRIZES

The whist party held by the members of the Fraternal Aid society last evening in A. O. U. W. hall proved a very enjoyable affair. A

feature of the evening was the awarding of live chickens to the winners for prizes. These who will have chicken today are as follows: C. L. Mitchell, first; Mrs. A. Stivers, second; Mrs. I. E. Bonham, third; Mrs. A. Henrich, fourth; C. R. Pearson, fifth. The banquet committee was composed of Mrs. J. S. Moyle, Mrs. N. Adams, Mrs. H. Schramm, Mrs. J. Murray, Mrs. E. Redding and Ray Holland.

Will Hold Meeting

Tomorrow afternoon the members of the Ladies Aid Society of the First Presbyterian church will meet at the home of Mrs. J. S. Spire, 407 South Thirteenth street.

"DOING WITHOUT A PROPER COAT IS A NEEDLESS SACRIFICE"

"Really I feel thoroughly disgusted with myself when I think of the lovely, gay society 'stunts' I gave up because I didn't have a suitable coat. I thought it was very sweet and sensible of me to be so saving!"

"But all at once I remembered what you told me, Agatha, about your lovely short coat costing just \$16.50 at CHERRY'S—and so I went up there."

"I tried on all those elegant coats—the stunning flare effects and jaunty belted styles and bewitching little 'fussy' coats! Sixteen-fifty is astonishingly low for such beauties, Agatha."

"I know I've seen less distinctive coats marked higher in a dozen stores. But when it really dawned on me that I could actually take my choice, put the coat on and pay for it by the week—well, I think I was never happier in all my life!"

"You'll see my new coat, Agatha, at the dance tomorrow; it's silk-lined. I'll never forget Cherry's address, as they are so conveniently located between Washington and Clay streets at 515 13th street. They also handle men's clothing just across at 528 13th St. At 1009 Market and 2400 Mission Sts., San Francisco, they have stores selling for both men and women. Ad."

CATHOLIC PARTY WELL ATTENDED

A large number were attracted to the reception rooms of St. Marks' Catholic church last evening where the monthly whist party was being held. The prize winners for the evening follow:

Gentlemen's first, John Casey; gentlemen's second, J. Crowley; consolation, Walter O'Brien; ladies' first, Mrs. J. Riordan; ladies' second, Miss Mary Casey; consolation, Mrs. John Lucas. The door prize was won by Mrs. John Craig. The committee in charge of the affair were Mrs. Monahan, Mrs. Nesbitt, and Mrs. McNeill.
